

SUMMARY
ARKids First-B Update Transmittal No. 16

The statement in Section 222.600 that nurse practitioners may provide newborn preventive health screens only has been deleted. A new sentence has been inserted to clarify that nurse practitioners are authorized to provide other preventive health screens with primary care physician (PCP) referral. Section 262.410 is revised to clarify preventive health screens may be provided by PCP or referral by PCP to a qualified practitioner.
